

**Amendments to the Claims:**

The listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

Claims 1-6 (Canceled)

7. (Currently Amended) An on-board advertising system ~~as claimed in claim 5,~~  
in which advertising data are received through communication, and advertising  
is displayed in a public transportation vehicle on a basis of the received  
advertising information, said on-board advertising system comprising:

an advertising display unit that displays at least one piece of  
advertising;

an exit notifying button, provided in said vehicle, operable by a  
passenger;

a storage that stores the advertising data received from an  
advertiser;

recording media on which in-vehicle announcements are recorded;

an input button, provided in said vehicle, that initiates an in-vehicle  
announcement;.

wherein said advertising display unit displays general contents in  
advance of reproduction of one of the in-vehicle announcements, and when said

input button is depressed reproduction of one of the in-vehicle announcements from said recording media is initiated.

wherein, when said ~~an~~ exit notifying button ~~to be operated by a passenger~~ is depressed, said advertising display unit changes its display from said general contents to retrieved data corresponding to a next stop, which is retrieved from among said advertising data stored in said storage based on a number of depressions of said input button ~~said on-board advertising system receives information on a passenger's wish to exit a bus to thereby initiate the display of said advertising information to be distributed to the vehicle.~~

Claims 8-10 (Canceled)
